FIFe and HEC e.V. rules apply

It is the responsibility of each exhibitor to have the cats at the judges table/BIS in due time. Please use your own sturdies if possible and list it at the online entry form. Exhibitors are responsible to disinfect their own cages. We reserve for each cat a space of 70x70 cm, any sturdy larger than that counts as a double sturdy and is billed accordingly.

Participation is at your own risk. Recourse claims cannot be asserted. HEC e.V. assumes no liability for damage, including damage to persons caused by cats exhibited.

**Impfbestimmungen / Veterinary Conditions**

A valid vaccination against rabies is mandatory. The cat has to be at least 3 month old at the time of the basic immunization against rabies and a period of 21 days has passed since then. The period of validity depends on the respective admission of the vaccination manufacturer. If it is longer than 1 year, it must be noted by the vaccinating veterinarian. All exhibitors, EU and contracting states must have the EU pet ID card and transponder identification (Microchip). In addition, vaccination against Feline Panleukopenie and Feline Rhinotracheitis is mandatory. The type of vaccine used determines how long the vaccine is valid for. An audiometric hearing certificate for white cats of all breeds is required.
